

90cm Series 9 Integrated Insert Wall Rangehood

Integrated

- With edge-to-edge extraction, this efficient, stylish rangehood is perfectly hidden away in your cabinetry.
- With five fan speeds, select the perfect extraction rate for your cooking
 - With dimmable LED strip lighting
 - 20m3/hr maximum airflow, or 25m3/hr with extension accessory
 - Dishwasher safe filters that are easy to remove and clean

DIMENSIONS

Height	462 mm
Width	880 mm
Depth	480 mm

FEATURES & BENEFITS

Achieve The Invisible

This high quality integrated rangehood seamlessly blends behind cabinetry in a variety of kitchen layouts. Beautiful in its simplicity, this product has brushed finished surfaces with no visible screws.

Edge To Edge Extraction

Filters effectively reach edge to edge, maximising the capture and extraction of steam, odours and grease.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
