

493L Series 5 Refrigerator Freezer, Ice & Water

Series 5 | Contemporary

Stainless Steel | Right Hinge

Large capacity in stylish stainless steel, you'll have plenty of room for your chilled and frozen food.

- ActiveSmart technology helps keep food fresher for longer by constantly maintaining the ideal temperature.
- Door water dispenser and internal ice maker
- Spacious bottom freezer with full extension drawer gives easy access to frozen goods.

- Choose which side you'd like your door hinge on to suit your kitchen layout

DIMENSIONS

Height	1715 mm
Width	790 mm
Depth	695 mm

FEATURES & BENEFITS

Activesmart Foodcare

Every time you open your refrigerator, the temperature around your food changes. ActiveSmart foodcare adjusts airflow to create a stable temperature, helping your food stay fresher for longer.

Water Dispenser

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your refrigerator.

Design Quality

Our refrigerators are designed and built using quality materials. We use real stainless steel, and solid glass for shelving as well as in our wine cabinet doors.

Easy Cleaning

No more permanent dirty marks with our EZKleen feature for stainless steel refrigerators. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

Simple Storage

This refrigerator is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

Clever Energy

Your refrigerator adapts to daily use by cooling and defrosting only when needed. This means your refrigerator uses the energy it needs without compromising on food care.

SPECIFICATIONS

Single bottle holders	4	Product dimensions		Where applicable:	
SmartTouch control panel	•	Depth	695 mm	All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.	
Stackable bottle holders	4	Height	1715 mm		
Ultra slim water dispenser	•	Minimum air clearance - each side	20 mm		
		Minimum air clearance - on top	50 mm		
		Width	790 mm		
Freezer Features		SKU	25421	Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
