

# 60cm Series 7 Minimal Pyrolytic Oven, 9 Function

Series 7 | Minimal

Black

- With generous capacity and beautiful black Minimal styling, this built-in oven will complement your kitchen design perfectly.
- 85L total capacity, with 9 oven functions including Pizza Bake and Roast
  - Moisture level control with ActiveVent™ technology
  - Pyrolytic self-cleaning function breaks down food residue for an easy clean
  - Non-tip, full-extension shelves for safe removal of hot dishes

## DIMENSIONS

Height	598 mm
Width	596 mm
Depth	565 mm

## FEATURES & BENEFITS

- Multi-Function Flexibility**
- Nine functions including Roast, Pizza Bake and Fan Grill mean no matter what you're cooking, you've got the right heat to match.
- Beauty Of Choice**
- With the choice of stylish stainless steel or elegant black, you can choose the finish that complements your kitchen design best.

- Generous Capacity**
- With a generous-sized internal cavity, you can create several dishes at once using multiple shelves.
- Activevent Technology**
- With ActiveVent technology for optimised moisture levels and AeroTech™ for even heat distribution, you'll get perfect results even when using multiple shelves.

- Simple Cleaning**
- Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.
- Safe And Sound**
- The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside - protecting both your hands and the surrounding cabinetry.

User Guide

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
