

# 60cm Series 9 Minimal Pyrolytic Oven

Series 9 | Minimal

A highlight of the Fisher & Paykel collection, this Series 9 oven with touchscreen ensures that every dish is cooked to perfection.

- Touchscreen guided cooking capability offers helpful guidance for different food types as well as full recipes
- 85L total capacity with 16 oven functions including Roast and Pastry Bake
- Moisture level control with ActiveVent™ technology
- Pyrolytic self-cleaning function breaks down food residue for an easy clean

## DIMENSIONS

Height	598 mm
Width	596 mm
Depth	565 mm

## FEATURES & BENEFITS

### Cook With Confidence

Our touchscreen interface provides an intuitive guided cooking experience that helps deliver perfect results, whether you've been cooking all your life or just starting out. Cook with a favourite method, a hero ingredient, or a go-to cooking function or recipe.

### Generous Capacity

With a generous 85L total capacity, you can create several perfectly cooked dishes at once using multiple shelves.

### Exceptional Performance

Our unique cooking technologies were developed to deliver perfect results. ActiveVent™ ensures optimised moisture levels, while AeroTech circulates heat evenly for a consistent temperature.

### Multi-Function Flexibility

The cooking functions have each been tailored, tested, tweaked and perfected to ensure that no matter what you're cooking, you've got the right heat to match. A Wireless Temperature Sensor precisely monitors cooking in real time, giving you complete control.

### Self-Cleaning

Our pyrolytic self-cleaning technology breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. The enamel coated side racks don't need to be removed when using this function.

### Design Freedom

Available in an elegant black or a stylish black with stainless steel, this oven is designed to fit seamlessly into your kitchen. Premium materials and detailing support a cohesive, considered kitchen design.

## SPECIFICATIONS

### Accessories (included)

Full extension sliding shelves	2 sets
Grill rack	1 set
Roasting dish	1
Wired temperature sensor	1

### Accessories (sold separately)

Optional Accessory round handle	Part 81645

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
