

60cm Series 9 Contemporary Warming Drawer

Series 9 | Contemporary

Keep your plates or cups warm while you finish cooking. Pair it with an oven for matching contemporary design.

- Pairs perfectly with any of our 60cm Ovens
- Space to keep six standard-sized dinner plates evenly warm
- Minimalist look with a black reflective glass surface, or choose brushed stainless steel
- Part of our suite of companion products, designed to match aesthetically for flexible configurations.

DIMENSIONS

Height	118 mm
Width	596 mm
Depth	556 mm

FEATURES & BENEFITS

Easy To Use

In a busy kitchen where timing is everything, our Warming Drawer gives you the freedom to keep plates or cups warm while you continue to cook.

Easy To Clean

Cleaning and care of the Warming Drawer is simple. After each use, just wipe out the smooth glass interior with a damp cloth.

Sized To Suit

With enough room to gently heat six place settings, our 60cm Warming Drawer is an ideal kitchen companion

Complementary Design

Our Warming Drawer comes in either a stylish black reflective glass or brushed stainless steel.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
