Grey Glass

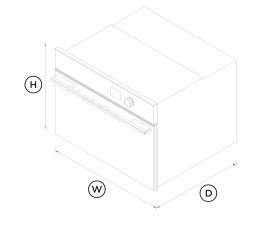

The speed of microwave cooking with the versatility of convection oven technology in a compact companion model, for perfect pairing.

- Compact size, and generous 49L capacity with four shelf positions
- Intuitive, 2.4" display with illuminated dial

DIMENSIONS

| Height | 458 mm |
|--------|--------|
| Width | 596 mm |
| Depth | 565 mm |

FEATURES & BENEFITS

Cooking Flexibility

Choose from 19 cooking functions including Fan Forced and Grill. With both microwave and convection oven technology in the same oven, you have more flexibility for your culinary creations.

Sized To Suit

A compact 60cm width means this microwave oven can be placed almost anywhere – all companion products can be installed at a convenient height to suit your kitchen design and preference.

Date: 30.04.2025 > 1

Complementary Design

Finished in a subtle grey glass, our Minimal style companion products help you achieve a coherent kitchen aesthetic that suits your design style.

Easy Cleaning

This Convection Microwave Oven features easily removable side racks and an enamel interior for easy cleaning.

Safe And Sound

The CoolTouch door is safe to touch from the outside, protecting your hands and the surrounding cabinetry.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
